# The Commonwealth of Massachusetts

OFFICE OF THE COMMISSIONER OF BANKS  
STATE HOUSE, BOSTON, April 1, 1950

*To the Honorable Senate and House of Representatives  
of the Commonwealth of Massachusetts:*

Pursuant to the provisions of General Laws, Chapter 167, section 9, as most recently amended by section 1 of Chapter 592 of the Acts of 1949, I have the honor of submitting to you herewith, the annual report of the Commissioner of Banks relating to Trust Companies and Certain Other Financial Institutions for the year ending December 31, 1949.

In accordance with the amended provisions of the above mentioned statute, a report will be rendered each year embracing a review of pertinent facts, figures and conditions pertaining to all institutions under the supervision of this department. This report will cover a calendar year.

In addition, reports pertaining to particular types of supervised institutions will be submitted each year. These reports, which will include statements of condition and miscellaneous statistical data relating to the institutions individually and collectively, will cover yearly periods ending in the months indicated in the following table:

Co-operative Banks and Savings and Loan Associations	April
Credit Unions	June
Savings Banks and Institutions for Savings	October
Trust Companies and Certain Other Financial Institutions	December

Respectfully,

TIMOTHY J. DONOVAN  
*Commissioner of Banks*

## TRUST COMPANIES

### *Commercial Departments*

Since October 31, 1948, the date of the last annual report to the legislature, and December 31, 1949, the effective date of this report, the number of trust companies has been further diminished from 60 to 57. The assets of the Bridgewater Trust Company of Bridgewater and the Stabile Bank and Trust Company of Boston were purchased and the liabilities assumed by the Home National Bank of Brockton and The National Shawmut Bank of Boston respectively, and the trust companies then placed in voluntary liquidation by vote of their stockholders, subject to regulations issued by the Commissioner of Banks. The Blue Hill Bank and Trust Company of Milton was merged with the Norfolk County Trust Company of Brookline and likewise liquidated under regulations issued by the Commissioner.

Total resources of the commercial departments on December 31, 1949 amounted to \$1,063,858,000, an increase of \$60,076,000 for the calendar year 1949. The principal increases in assets during that year were confined to bonds and installment loans. All classes of bonds showed substantial gains although the growth in the holdings of U. S. Government bonds was by far the greatest, representing a net gain of \$54,815,000. The chief reductions in assets occurred in commercial loans made on an unsecured basis, and in cash on hand and in deposits with other banks. The entry of more banks into the installment loan and consumer credit field and the rapid expansion in some instances of the departments handling such loans, as well as the elimination of governmental credit restrictions in force for many years, have been controlling factors in the continued importance of this type of lending by our state commercial banks. The ratio of U. S. Government bonds, plus cash on hand and in banks, to total assets, is a little more than 67%, maintaining the high ratio of liquidity in this department.

Substantial increases have taken place in every category of deposits, the gain in total deposits reaching a figure of \$55,467,000 for the year 1949. The number of depositors increased from 311,050 to 328,266 for the full calendar year.

The aggregate of capital stock, surplus and all other profit and reserve accounts of all departments of trust companies continues to increase, but due to a corresponding increase in deposits and total resources, the ratio of the capital funds thereto has undergone no change and remains at 10.49% and 9.41% respectively.

Reports of earnings and profits submitted to this department at this time include operations for the calendar year 1949. The combined net operating earnings of all departments of trust companies increased substantially both in 1948 and 1949. A large reduction in net profits before dividends was sustained in 1948, a loss that was partially retrieved in 1949 but is far below the profit figure attained in 1946 and earlier years when the securities market was strong and losses from loans to business were comparatively low.

The net operating earnings of all departments of trust companies in this state were equal to 66  $\frac{7}{10}$  cents for \$100 of assets during 1949 and 64  $\frac{3}{10}$  cents in 1948, both above the average for the past ten years. The ratio of net operating earnings to total capital funds has increased to 6.99% while the ratio of net profits reflecting the dollar decrease particularly noted during 1948 shows a considerable decrease to 4.96%. Trust companies have been progressively paying out a smaller portion of their net earnings to stockholders for a number of years. However, due to the fact that during that period of time net profits have shown severe declines, the ratio of distributions to stockholders from such funds has substantially increased because there has been no compensating reduction in dividends.

### *Savings Departments*

The total resources of the 51 savings departments of trust companies were \$284,200,000, a decrease of \$8,324,000 since December 31, 1948. Approximately

40% of this decrease was due to the sale of assets of the Stabile Bank and Trust Company to The National Shawmut Bank of Boston. Deposits also declined in the amount of \$9,064,000, of which \$3,294,000 is attributable to the exit of the Stabile Bank and Trust Company from the state system. The depositors in these departments now number 449,812, a decrease of 2,707 for the 1949 calendar year. The continued loss in deposits is probably due in part to competition offered by mutual type banking institutions whose ability to pay higher dividend rates appeals to the rate-conscious group of savers. More definite causes underlying this trend appear to stem from present day economic conditions which necessitate increased drawings on consumers' reserve funds for the purposes of meeting higher living costs and fulfilling demands for durable goods.

Another large reduction in holdings of U. S. Government bonds took place and a considerably smaller amount of cash is held. This was made necessary in large measure by the loss in deposits, to a considerable degree by the diversion of funds for investment in state, county and municipal obligations and in loans on real estate which have increased rapidly. All this has resulted in some loss of liquidity which, however, is still high.

Profit and loss and reserve accounts, including the Guaranty Fund which represents 57.85% of the total, and which is applicable solely to losses in savings departments, now amount to \$18,086,000, a gain of \$541,000 for the 1949 calendar year, and bear a ratio of 6.83% to total deposits. By statute savings deposits have further protection in the capital stock as well as in the general profit and reserve accounts of the banks.

As additional protection to depositors in the commercial and savings departments, 53 of our trust companies provide insurance in the Federal Deposit Insurance Corporation whereby the accounts of each depositor are insured up to \$5,000.

### *Trust Departments*

The assets of trust departments continue to show a steady growth and as of December 31, 1949 aggregated \$1,452,514,000. The most important increases were confined to public funds and corporate stocks. A reduction is noted in outstanding real estate loans, continuing a 20 year trend.

## CORPORATIONS SUBJECT TO CHAPTER 172A OF THE GENERAL LAWS

The assets of the eleven corporations doing business under this statute show another substantial increase of \$1,636,000 since December 31, 1948 and have now reached an aggregate figure of \$15,562,000. The growth may be attributed to a great extent to the expansion activities of four of these companies which have been authorized to take deposits subject to check by virtue of their membership in the Federal Deposit Insurance Corporation.

## TRANSMISSION AGENCIES

## (OTHERS THAN BANKS)

Transmission of money to foreign countries by those holding licenses under Chapter 169 of the General Laws during the 14 months ending December 31, 1949 amounted to \$1,116,249 or \$40,060 more than the amount reported on October 31, 1948.

There are now in force five licenses to transact this type of business. The deposits of customers of these agencies are protected by surety or collateral bonds in the custody of the State Treasurer. Their other assets are not under the supervision of this department, therefore they are omitted from the consolidated statement appearing elsewhere in this report.

*Legislation Enacted (Acts of 1949)*

CHAP.	AMENDMENT TO:	DESCRIPTION
64	G.L., C. 169, secs. 1, 3, 6, 7 and 8.	Revising provisions pertaining to supervision of and limitations upon the business of certain persons receiving deposits for transmission to foreign countries.
